Introduction

This proposal seeks approval from the Libertarian Party of Kentucky to establish the Libertarian Party of Louisville as an official county affiliate. My objective is to build a strong, respected presence in this area, enhancing the influence of the Libertarian Party in Jefferson County as well as surrounding counties.

I have lived in Louisville since 2007, and have spent the past 12 years involved in animal rescue with my wife. I have recently felt compelled to shift my civic focus over to politics. As a libertarian, and having voted Libertarian since 2004, this is the default avenue available to me in that domain.

I am seeking to establish this local affiliate so that we can cultivate a stronger connection between the Libertarian Party and residents of Jefferson County, developing a greater participation in the local political process and effective promotion of the Libertarian Party's principles, positions and candidates.

Justification

Currently, there is no established/active county-level infrastructure to coordinate party activities in Louisville/Jefferson County. I want to revive this affiliate in order to engage in voter outreach, candidate assessment and support, and community engagement and education. By forming the Libertarian Party of Louisville, we can:

- Locate and evaluate suitable candidates for offices in Jefferson County
 - Provide a structured platform for supporting candidates' campaigns.
 - Foster a sense of community and shared purpose among local party members and supporters in the area
 - Seek out and pursue opportunities to insert a Libertarian voice in local dialogs
 - Engage in educational efforts with regards to our principles and positions
-

County Party Structure

The Libertarian Party of Louisville would operate as an affiliate of the Libertarian Party of Kentucky, adhering to the following organizational structure:

1. **Executive Committee:** To include a Chair, Vice Chair, Secretary, and Treasurer, the Vice Chair serving as Secretary or Chair in the absence of that officer.
 2. **Standing Committees:** Addressing matters such as Membership, Events, Fundraising, Communications, and Policy.
 3. **Membership:** Open to all registered Libertarian Party voters in Jefferson County.
-

Conclusion

Establishing the Libertarian Party of Louisville is an effort I am highly motivated to apply myself to. I appreciate your consideration and guidance in moving forward with this effort.

Sincerely,
Jeremy Daniel Ficklin
Louisville, KY
